

SAFEGUARD GLAZING SUPPLIES LTD.

SAFEGUARD SEALED UNIT GUARANTEE

All Insulating Glass Units manufactured by Safeguard are produced in accordance with BSEN1279 under Kitemark Licence KM95993 and are performance tested by BSI Test Laboratories.

Our Standard Guarantee against the failure of units is:

Ten Years when glazed to uPVC, Aluminium and drained Timber Frames

Five Years when glazed in beaded, fully bedded un-drained frames, roof glazing systems, or face pointed frames where strict glazing and maintenance guidelines are followed.

Five Years for all units incorporating integral blinds.

Limited Five Years for units incorporating Clarity Classic Heritage Sight Lines when glazed in accordance with strict glazing and maintenance guidelines.

Where units are sold on a **supply only basis**, guarantees are conditional on glazing having been carried out with an approved system conforming to Glass and Glazing Federation recommendations.

Our guarantee is limited to the supply only of replacement units.

Where units have been **supplied and fitted by Safeguard** Glazing Supplies Ltd. The guarantee is conditional on the customer's ongoing maintenance of the frames in accordance with the frame and paint manufacturers' recommendations. (This condition will also apply to units sold on a supply only basis).

For clarification of the above, if required, please contact the undersigned. Variation to these conditions will only be accepted if agreed in writing at the time of order.
